Refer to the 'LEGL' plans referenced on this map and lodged with the Central Plan Office of the Department of Transport and Planning which identify the area of State forest to which the firewood collection area determination applies.

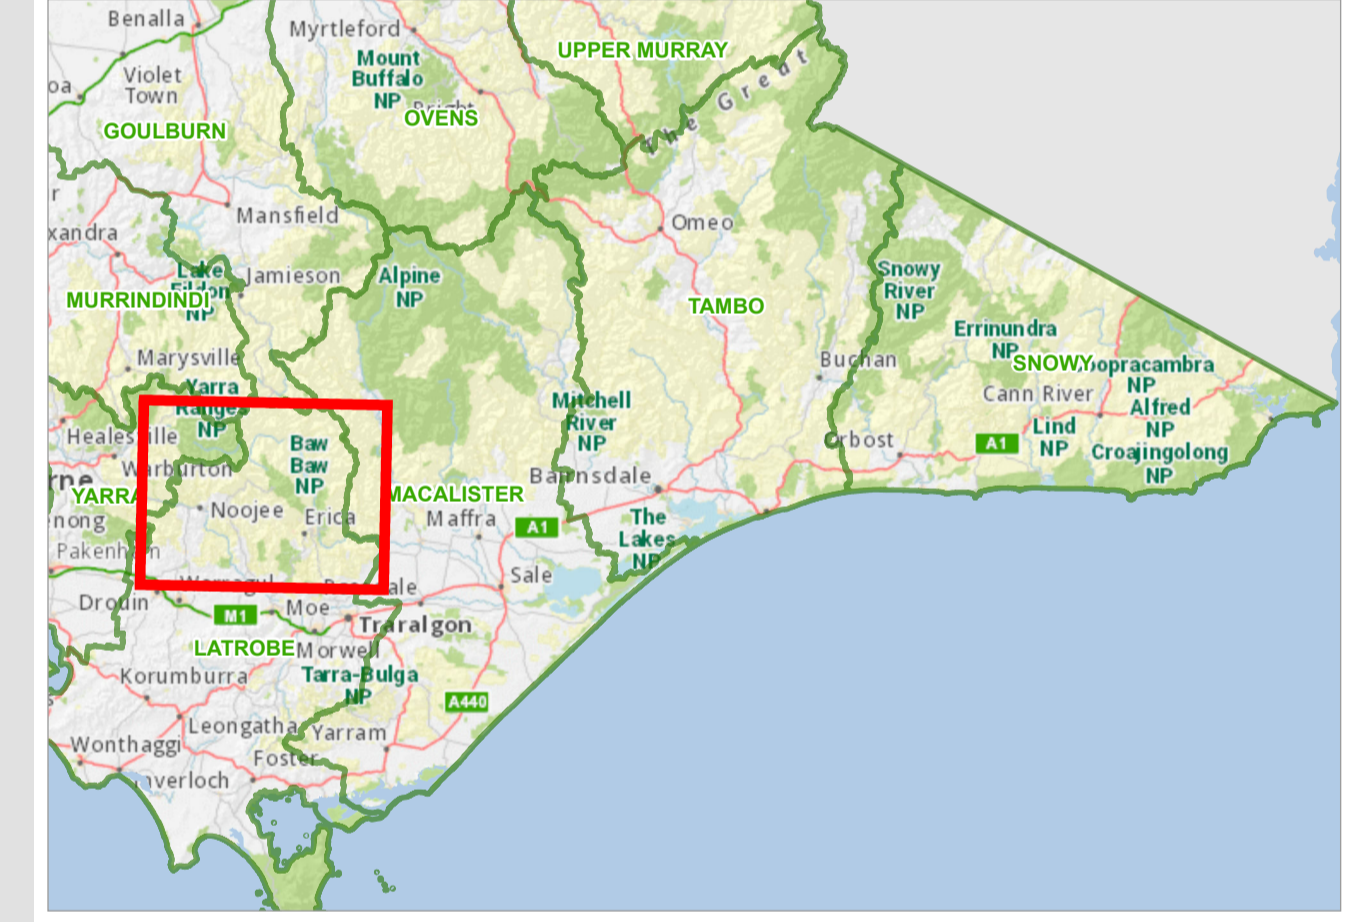

Detailed maps of firewood collection areas that are open from time to time may be obtained from:

There is no guarantee that firewood will be available for collection in the firewood collection areas after they have been opened.

All persons entering and collecting in the firewood collection areas must have regard for their safety and the safety of others and must comply with all relevant laws when in State forest/Parks.

Persons are not permitted to collect firewood in areas identified by signs as active VicForests harvesting coupes.
